Kleise Rantevou: AI-Powered Smart Reservation Platform

Kleise-Rantevou

Executive Summary

Kleise Rantevou is an AI-powered smart reservation platform eliminating booking chaos for service-based businesses, offering a branded, zero-commission online booking page that allows clients to book 24/7.

1. ⬣ The Problem

Small businesses (Cyprus, Greece, Europe) rely on outdated methods (phone calls, DMs, paper diaries) resulting in:

- 1–2 hours/day wasted on admin
- Missed calls and lost revenue
- Double bookings & confusion
- High no-show rates due to lack of reminders
- No business analytics or history tracking

2. ☑ The Solution

A complete booking infrastructure giving every business an instant custom subdomain.

Core Features (Live)	⚡	Advanced Smart Features (Roadmap)	✦
* 24/7 online booking	* Automated SMS/email reminders	* AI Receptionist (24/7 chatbot)	* Multitasking Scheduler (Salons)
* Staff & calendar management	* Business analytics dashboard	* Floor Plan & Table Management (Restaurants)	* Class Booking & Capacity Control (Gyms)

3. 🚀 Traction

The V1 platform is live and processing bookings, demonstrating strong initial adoption with **zero marketing spend**.

- **1,000+** real bookings processed in the first 2 months
- Early adopters in barbershops, salons, and restaurants
- Finalist: CYEC 2025 Top 10 Startup

4. 💰 Business Model

Zero-commission SaaS model with high margins.

Plan	Price/Month	Margins
Business	€9.99	57%
Plus	€17.99	75%
Hospitality	€40	71%

5. 🏆 Competitive Advantages

- **Zero Commissions:** Competitors take 20–30% per booking. We take 0%.
- **Native Greek Support:** Full localization and support.
- **Simple Onboarding:** Businesses can set up in under 5 minutes.
- **Advanced Modules:** Roadmap features (AI Receptionist) are hard for competitors to match.
