

## *Handmade Organic-Vegan Cosmetics with Cannabis oil*

---

### **When passion meets quality the result is ... HANDY SPA**

The company HANDY SPA produces 100% handmade organic soaps and face and body cosmetics with therapeutic ingredients with zero toxic ingredients. Both soaps and cosmetics with Hemp oil are a multi-awarded Cypriot innovation unique throughout Europe (2025 BEST MEDICAL COSMETICS IN EUROPE award). The therapeutic effects on the skin are spectacular and visible from the very first use.

#### **Certified organic and vegan by the international organization PETA.**

The organic HANDY SPA cosmetics belong to the category of medical aesthetics thanks to the powerful formula of active ingredients (Hemp oil, Hyaluronic acid, Aloe vera, vitamin E and golden algae). Hemp oil as the most therapeutic ingredient has antiaging, nourishing and moisturizing properties and helps to treat skin problems. HANDY SPA organic cosmetics are produced without abuse (testing) on animals, free of toxic, allergenic and animal ingredients. They are completely biodegradable, which is why they do not cause any harmful effects on the environment.

#### **13 awards for quality innovation and social environmental responsibility**

HANDY SPA organic cosmetics have been awarded 13 times in 5 years for quality, innovation, protection of life, the environment and human health. Top awards the Innovation Award 2020 from OEB and the Lifestyle Awards: Best Luxury Organic Cosmetics in Europe 2022.
